

ERSA Congress - 19th – 23rd August 2010 --- Jönköping, Sweden

CALL FOR PAPERS

Special session on 'Services and the Territory'

(Spatial aspects and problems of Service Activities)

Organizer: Juan R. Cuadrado-Roura

As part of the 50th ERSA Congress, to be held next August in Jönköping it is planned to organize some special sessions under the title: Service industries and territory. This can include topics like: location of service industries; services and regional economic growth; service activities and their location trends; spatial concentration and/or agglomeration of services; services and productivity; etc.

The focus of the papers should preferably be empirical, but supported by some kind of theory or model and suggesting expected trends and policy consequences.

Submit your abstract on www.ersa.org/ersa-congress/ and send a copy of your abstract to:

Prof. Juan R. Cuadrado-Roura

University of Alcalá. Madrid

e-m: jr.cuadrado@uah.es

Deadline for submitting abstracts to this special session is January 15th, 2010.

Once evaluated and accepted, the author(s) must submit the final papers June 1, 2010 at the latest.

The best papers presented will have the opportunity of being included in a book that has already been agreed upon by a first class Publisher.
